(SENIOR) SAP DEVELOPER (ALL GENDERS)

At Beiersdorf, we want to help people feel good about their skin – and our commitment goes far beyond caring for skin. For 140 years, we have developed innovative skin and body care products for well-known brands such as NIVEA, Eucerin, La Prairie, Hansaplast, and Labello. We act according to our purpose, WE CARE BEYOND SKIN, and take responsibility for our consumers, our employees, the environment and society.

Behind every brand, every product and every accomplishment are our more than 20,000 employees. It is for them that we live a culture of inclusion, respect and trust that is strongly aligned with our values CARE, COURAGE, SIMPLICITY and TRUST. We embrace diversity by valuing the uniqueness of each individual and being committed to equal opportunities for all.

YOUR TASKS

At Beiersdorf, we are committed to enabling digital transformation across our organization. Our Application Development team is a trusted partner to all business functions, implementing custom (web) applications that make a difference to how people across Beiersdorf take decisions, access relevant information and pursue their daily work. We are looking for a passionate "(Senior) SAP Developer" to join the team.
Our team consists of highly motivated and experienced application developers from various professional backgrounds spanning open source, Microsoft and SAP technologies. We are part of Beiersdorf's AI & Automation organization.

Our tech stack:

- Business Application Studio
- SAP S/4 HANA
- Eclipse
- Azure DevOps (GIT)

Your Tasks

- You engage with internal users and SAP module consultants to design both smooth user experiences and user interfaces that are the face of our digital solutions.
- You develop, enhance and maintain frontend (UI5 apps) and backend SAP applications.
- You are proud of your work results. That is why "You build it, you run it".
- Via implementation of tests, code reviews and pair-programming with fellow developers you ensure high quality of our code, documentation and compliance with our best practices.

YOUR PROFILE

- Bachelor's/ Master's degree in Computer Science or in a related field
- Work experience with Business Application Studio and Eclipse
- Good knowledge of S/4 HANA
- Substantial work experience with SAP UI5, SAP Fiori, JavaScript
- Expertise in ABAP OO, ABAP > 7.40, ABAP Core Data Services, oData Services

ADDITIONAL INFORMATION

We embrace Diversity and Inclusion and are committed to providing equal opportunities to all of our applicants – regardless of race, gender, age, religion and beliefs, sexual orientation and gender identity, disability, cultural, ethnic or national origins. We would therefore kindly ask you to include only information and data in your documents which are relevant for the assessment of your application (e.g. curriculum vitae, salary expectations, relevant references and certificates) and encourage you to upload your CV without a picture.
If you have any questions, please contact our recruiter Carina Huesmann every Wednesday between 9hrs and 10hrs via the telephone number +494049094956.
