SC PRODUCTION PLANNING CONSULTANT

At Beiersdorf, we want to help people feel good about their skin – and our commitment goes far beyond caring for skin. For 140 years, we have developed innovative skin and body care products for well-known brands such as NIVEA, Eucerin, La Prairie, Hansaplast, and Labello. We act according to our purpose, WE CARE BEYOND SKIN, and take responsibility for our consumers, our employees, the environment and society.

At Beiersdorf Shared Services HUB in Mexico City, we are one of the IT HUBs for Beiersdorf IT.

Within IT we are a proactive business enabler, co-creating value for our brands, functions and markets by delivering innovative, reliable, and efficient information and data technologies. You have passion for business processes and would like to further develop your skills and career? We have the right opportunity for you!

The department Supply Chain in Beiersdorf IT supports and consults the business units and corporate functions of Supply Chain Management as a proactive business enabler. The team Supply Chain Planning is the competence center for IT solutions around Supply Chain Planning. We are involved in all phases of software life cycle: definition, design, development, implementation, and maintenance. For that we take over functional as well as project management task in projects and possess ownership of IT systems.

You contribute in the definition and realization of the target architecture within our cognitive planning program. You build trusted partner relationships with our business, know the framework conditions, processes and exhaust technical possibilities with having an eye on future trends and IT capabilities.

You work in agile Teams and bring solutions to a global level. You are enthusiastic about what we are doing and know that best results are achieved in a Team - so that the company journey succeeds.

ADDITIONAL INFORMATION

We embrace Diversity and Inclusion and are committed to providing equal opportunities to all of our applicants – regardless of race, gender, age, religion and beliefs, sexual orientation and gender identity, disability, cultural, ethnic or national origins. We would therefore kindly ask you to include only information and data in your documents which are relevant for the assessment of your application (e.g. curriculum vitae, salary expectations, relevant references and certificates).
