Statement (No. 1) of April 11, 2026 at 10:15 a.m.:

Statement submitted as text:

Please end the silly virtual Annual General Meeting from now on!

It prevents dialogue because I can't talk to my fellow shareholders.

It is discriminatory against all shareholders who do not have the appropriate equipment. Don't ask your shareholders to sit in front of a screen for hours.

Let us re-enter into a dialogue that corresponds to human nature.
