§ 5 – Share Capital

- (1) The share capital amounts to € 249,000,000.00 and is composed of 249,000,000 no-par value bearer shares, each representing an equal notional proportion of the share capital of the Company. The right of shareholders to certification of their shares is excluded.
- (2) The Executive Board is authorized, with the approval of the Supervisory Board, to increase the share capital in the period until April 28, 2025, by up to a total of €42,000,000.00 by issuing new no-par value bearer shares against cash contributions on one or several occasions (Authorized Capital I). The number of shares must increase in the same proportion as the share capital. In this context, the dividend rights for new shares may be determined by a different method than that set out in § 60 (2) *AktG*.

Shareholders shall be granted preemptive rights. The new shares can also be underwritten by a credit institution to be specified by the Executive Board, or a company that operates in accordance with § 53 (1) sentence 1 or § 53b (1) sentence 1 or (7) *KiWG* (financial institution), or a syndicate of such credit or financial institutions, with the obligation of offering them to the Company's shareholders for subscription. However, the Executive Board is authorized, with the approval of the Supervisory Board, to disapply shareholders' preemptive rights in the following cases:

1. to eliminate fractions created as a result of capital increases;
2. to the extent necessary to grant the holders/creditors of convertible bonds and/or bonds with warrants issued by Beiersdorf Aktiengesellschaft, or companies in which it holds a direct or indirect majority interest, rights to subscribe for new shares in the amount to which they would be entitled after exercising their conversion or option rights, or after fulfilling their conversion obligation.

The Executive Board may only exercise the abovementioned authorizations to disapply preemptive rights to the extent that the total proportionate interest in the share capital attributable to the shares issued while disapplying preemptive rights does not exceed 10% of the share capital at the time these authorizations become effective or at the time these authorizations are exercised. If other authorizations to issue or sell shares in the Company or to issue rights that enable or oblige the holder to subscribe for shares in the Company are exercised while disapplying preemptive rights during the term of Authorized Capital I until such time as it is utilized, this must be counted towards the abovementioned limit.

The Executive Board is also authorized, with the approval of the Supervisory Board, to determine the further details of the capital increase and its implementation. The Supervisory Board is authorized to amend the wording of § 5 (1) and § 5 (2) of the Articles of

Association following the full or partial implementation of the capital increase from Authorized Capital I, or following expiration of the authorization period, to reflect the volume of the capital increase.

- (3) The Executive Board is authorized, with the approval of the Supervisory Board, to increase the share capital in the period until April 28, 2025, by up to a total of €25,000,000.00 by issuing new no-par value bearer shares against cash contributions on one or several occasions (Authorized Capital II). The number of shares must increase in the same proportion as the share capital. In this context, the dividend rights for new shares may be determined by a different method than that set out in § 60 (2) *AktG*.

Shareholders shall be granted preemptive rights. The new shares can also be underwritten by a credit institution to be specified by the Executive Board, or a company that operates in accordance with § 53 (1) sentence 1 or § 53b (1) sentence 1 or (7) *KWG* (financial institution), or a syndicate of such credit or financial institutions, with the obligation of offering them to the Company's shareholders for subscription. However, the Executive Board is authorized, with the approval of the Supervisory Board, to disapply shareholders' preemptive rights in the following cases:

1. to eliminate fractions created as a result of capital increases;
2. to the extent necessary to grant the holders/creditors of convertible bonds and/or bonds with warrants issued by Beiersdorf Aktiengesellschaft, or companies in which it holds a direct or indirect majority interest, rights to subscribe for new shares in the amount to which they would be entitled after exercising their conversion or option rights, or after fulfilling their conversion obligation;
3. if the total amount of share capital attributable to the new shares for which preemptive rights are to be disappplied does not exceed 10% of the share capital existing at the time this authorization comes into effect or, in the event that this amount is lower, at the time the new shares are issued and the issue price of the new shares is not materially lower than the quoted market price of existing listed shares at the time when the issue price is finalized, which should be as near as possible to the time the shares are placed. If other authorizations to issue or sell shares in the Company or to issue rights that enable or oblige the holder to subscribe for shares in the Company are exercised while disapplying preemptive rights under or in accordance with § 186 (3) sentence 4 *AktG* during the term of Authorized Capital II, this must be counted towards the abovementioned 10% limit.

The Executive Board may only exercise the abovementioned authorizations to disapply preemptive rights to the extent that the total proportionate interest in the share capital attributable to the shares issued while disapplying preemptive rights does not exceed 10% of the share capital at the time these authorizations become effective or at the time these authorizations are exercised. If other authorizations to issue or sell shares in the Company or to issue rights that enable or oblige the holder to subscribe for shares in the Company are exercised while disapplying preemptive rights during the term of Authorized Capital II until such time as it is utilized, this must be counted towards the abovementioned limit.

The Executive Board is also authorized, with the approval of the Supervisory Board, to determine the further details of the capital increase and its implementation. The Supervisory Board is authorized to amend the wording of § 5 (1) and § 5 (3) of the Articles of Association following the full or partial implementation of the capital increase from Authorized Capital II, or following expiration of the authorization period, to reflect the volume of the capital increase.

- (4) The Executive Board is authorized, with the approval of the Supervisory Board, to increase the share capital in the period until April 28, 2025, by up to a total of €25,000,000.00 by issuing new no-par value bearer shares against cash or non-cash contributions on one or several occasions (Authorized Capital III). The number of shares must increase in the same proportion as the share capital. In this context, the dividend rights for new shares may be determined by a different method than that set out in § 60 (2) *AktG*.

Shareholders shall be granted preemptive rights. The new shares can also be under-written by a credit institution to be specified by the Executive Board, or a company that operates in accordance with § 53 (1) sentence 1 or § 53b (1) sentence 1 or (7) *KWG* (financial institution), or a syndicate of such credit or financial institutions, with the obligation of offering them to the Company's shareholders for subscription. However, the Executive Board is authorized, with the approval of the Supervisory Board, to disapply shareholders' preemptive rights in the following cases:

1. to eliminate fractions created as a result of capital increases against cash contributions;
2. to the extent necessary to grant the holders/creditors of convertible bonds and/or bonds with warrants issued by Beiersdorf Aktiengesellschaft, or companies in which it holds a direct or indirect majority interest, rights to subscribe for new shares in the amount to which they would be entitled after exercising their conversion or option rights, or after fulfilling their conversion obligation;
3. in the case of capital increases against non-cash contributions for the purpose of acquiring companies, business units of companies, or equity interests in companies.

The Executive Board may only exercise the abovementioned authorizations to disapply preemptive rights to the extent that the total proportionate interest in the share capital attributable to the shares issued while disapplying preemptive rights does not exceed 10% of the share capital at the time these authorizations become effective or at the time these authorizations are exercised. If other authorizations to issue or sell shares in the Company or to issue rights that enable or oblige the holder to subscribe for shares in the Company are exercised while disapplying preemptive rights during the term of Authorized Capital III until such time as it is utilized, this must be counted towards the abovementioned limit.

The Executive Board is also authorized, with the approval of the Supervisory Board, to determine the further details of the capital increase and its implementation. The Supervisory Board is authorized to amend the wording of § 5 (1) and § 5 (4) of the Articles of Association following the full or partial implementation of the capital increase from Authorized Capital III, or following expiration of the authorization period, to reflect the volume of the capital increase.

(5) The share capital shall be contingently increased by up to a total of €42,000,000.00, composed of up to 42,000,000 no-par value bearer shares. The contingent capital increase shall be implemented only to the extent that:

1. the holders or creditors of conversion rights and/or options attached to convertible bonds and/or bonds with warrants issued in the period until April 28, 2025, by Beiersdorf Aktiengesellschaft, or companies in which it holds a direct or indirect majority interest, exercise their conversion or option rights,
or
2. the holders or creditors of convertible bonds giving rise to a conversion obligation issued in the period until April 28, 2025, by Beiersdorf Aktiengesellschaft, or companies in which it holds a direct or indirect majority interest, comply with such obligation,

and contingent capital is required for this purpose as specified in the terms and conditions of the bonds.

The new shares bear dividend rights from the beginning of the fiscal year in which they are created via the exercise of conversion or option rights, or as a result of compliance with conversion obligations.

The Executive Board is authorized to determine the further details of the implementation of a contingent capital increase. The Supervisory Board is authorized to amend the wording of § 5 (1) and § 5 (5) of the Articles of Association following the full or partial implementation of the capital increase from this contingent capital, or following expiration of the authorization period, to reflect the volume of the capital increase.

(6) Following each utilization of authorized or contingent capital, the Supervisory Board is authorized to amend and reformulate § 5 of the Articles of Association correspondingly.

- (3) If a Supervisory Board member is elected to replace a member who leaves the Supervisory Board prior to the end of his or her term of office, such replacement shall only be elected for the duration of the remaining term of the Supervisory Board.
- (4) When electing a Supervisory Board member, an alternate member may be elected at the same time; the latter shall then succeed to the Supervisory Board if the Supervisory Board member concerned leaves the Supervisory Board prior to the end of his or her term of office without a successor having previously been appointed. If several alternate members are elected, the order in which they shall replace members leaving the Supervisory Board must be stipulated. An alternate member may also be elected for several specific members of the Supervisory Board, so that he or she shall join the Supervisory Board if one of these members leaves the Supervisory Board prior to the end of his or her term of office.

If the second vote also results in a tie, the Chairman of the Supervisory Board shall have a casting vote.
§ 31 (4) *Mitbestimmungsgesetz* (German Co-determination Act) remains unaffected by this.

- (3) If the Supervisory Board approves the annual financial statements, they are thereby adopted.
- (4) When adopting the annual financial statements, the Executive Board and the Supervisory Board are authorized to allocate the net income for the year that remains after deduction of the amounts to be allocated to the legal reserve and any loss carryforward in part or in whole to other revenue reserves.
